Heritage Week 2021 - Online Presentation on the Abbey Mapping Project

As part of Heritage Week 2021, on Thursday, August 19th at 8PM, Bantry Historical & Archaeological Society welcomed heritage newcomers to learn more about our Abbey Mapping Project by attending an online presentation over Zoom.

This project aims to document, map, geotag and photograph all the gravestones in the Abbey Graveyard, Bantry. We have engaged Eachtra Archaeological Projects to prepare a project management plan to tackle this ambitious survey, beginning with the oldest part of the graveyard, dating from the 1700s.

You can watch the video on our [YouTube channel here](#).

This project has received funding under the County Cork Heritage Grant Scheme 2021, supported by Cork County Council and the Heritage Council.
